RE: ICC Chapter Recognition
New Hampshire Fire Prevention Society

Dear Directors of the International Code Council

This letter is written on behalf of the New Hampshire Fire Prevention Society in support of their efforts to be recognized as a Chapter affiliated with the International Code Council.

This is an exciting time for the State of New Hampshire as this move by the NH Fire Prevention Society to seek ICC membership shows how the building officials and the fire services are fostering better educational and working relationships to provide our residents with enhanced and consistent code enforcement. In fact, NHFPS would be the first fire service discipline within the State of NH to attain ICC Chapter recognition.

As President of the New Hampshire Building Officials Association, a Chapter in good standing with the International Code Council, I request that the Board of Directors welcome the NH Fire Prevention Society members into the ICC as a membership chapter, with all rights and privileges afforded.

Thank you for your consideration.

Sincerely

Carrie Rouleau-Cote
